

## 2002 SOUTHEAST SECTIONAL FIELD CHAMPIONSHIP

22-23 June 2002 – Gator Bowmen – Gainesville, Florida

Scores were better than the elements... it rained, it thundered, and it even sent lightning down... but most of the archers shot anyway. A 30 x 50-foot tent had been provided so that archers could find respite from the elements on those two occasions when everyone was called in from the range. By the time the practice target was shot on Saturday, the rain started. While the inclement weather didn't stop most of the archers from completing the Field round on Saturday, it did eventually cause the animal round to be canceled. Sunday was humid, and it did drizzle a little, but for the most part we were dry during shooting. Thirteen of the 116 registered shooters were no shows, and fourteen went incomplete on Saturday, but 98 shooters participated and 88 shot on Sunday, and 9 individual Southeast Section record scores were posted.

### Sectional Record \*
