

2004 NORTH AMERICAN FIELD ARCHERY CHAMPIONSHIP

11-12 December 2004 – Everglades Archers – Homestead, Florida – (over 24,640 arrows shot for score)

Friday was a practice day with archers checking in and discovering that there is a warm place in the United States in December. Saturday morning, 6:00 AM, dark-thirty and the range gate is open and archers are arriving to start practice for the first day. The “flint” range is open with targets from the bunny out to 70 yards and fully lighted. It’s a little hard to read the score board because there’s a fellow taking money between the boards and the lighted range, but dawn is breaking and slowly the light improves. Two more individuals late register and the range has a nice full compliment of talented toxophilites. Daylight is at 7 AM and dusk is around 5 PM; and we have 28 Field and 28 Animal targets (56 targets) to shoot. Announcements include the differences between IFAA and NFAA rules, and archers are instructed to shoot four across throughout the round. The host club has food stations around the range and archers purchase lunch, have their hand “stamped”, and eat whatever they want at each food station... we don’t come off the range til the Animal Round is done... a comfortable safety net of time from our finish til dusk.

We are South of Miami... way down deep in Florida, so even some of the Florida archers had a 12 hour drive to attend, but the trip was worth the effort. Individuals are present from all over the United States plus Canada. The hosts are friendly and eager to please. The archers include seven NFAA Pros and six NFAA State Directors. Day two dawns with a cold snap, but by the midway point of the Hunter Round the jackets are shed and it’s warm sunshine... perfect shooting weather. We start shooting as scheduled... first arrow at 7:31 AM. The range flows with only a little hold-up at the 80 over water (due to glaring sun). Archers are off the range, beast feast consumed, scores posted, score boards re-aligned, and NAFAC records are annotated so that all was finished and headed up the road by 2:45 PM. Old and new friends bid farewell with plans to come to next year’s NAFAC – same place, same weekend... 10-11 December 2005.

NAFAC Record *
