Dave's Kid shoot. David to send to board.

Remove BBC and BH from Unsighted Shooter of the year (it was created without these shooting styles), Daci Moved, David seconds. So Voted. Daci moved to starting for the 2027 Shooter of the Year. Second by Mike. So Voted

Shooter of Year. Points only for FAA members. Moved by Daci, Second by Jake. To start for 2027. So Voted.

U21 to scored in Shooter of Year as an adult. Moved by Daci, Second by David. So Voted.

Move to make the new Shooter of the Year Page live for 2027. Moved Daci, Seconded by Mike. So Voted

Jake moves that we offer a 70+ unisex shooter of the year, Second David. So Voted. To start 2027.

Daci to send out a survey to membership to ask about participation in FAA events. So voted.

Discuss Alvaro's request - Send request to board. Tabled.

Shoot late fees - $5 or $10. Late registration $8. $40 for Field and International $45 for the shoots are currently $37.50. Moved Jake, Second Daci. So Votes.

International Format. Still two days or 2 rounds on one day offered two days. Club prefers current format.

Awards or money? Use current format.

Items to discuss at FAA meeting

Separation of a tournament between North and south. Should only one venue in each area get it. The south had two venues. The Board pays attention to impacts of multiple venues in the same region. Gold Coast lost one shooter to Lee County so we decided that the second venue was exceptable.

Making sure that the venue meets the requirements for the tournament. especially the indoor. Making sure the targets are at the correct regulation height. bottom target is 30" and upper 48" from the floor and That they be raised or lowered for the tournament correctly. this is referring to the official championships so that conditions are as closely the same as required by the official rules. Consistancy!

Make sure that shooters are posted their targets correctly. Targets need to be posted properly where to bottom of the target would be above where the top of the target would be.

How many people constitute a state shoot. We have had two states shoots with attendance between 4 to 12 people. Will there be a minimum of online registrant to make a shoot happen?

One price for all shoots. Raising the price to $40 per person per shoot. Daci moved to have $32 to go to $35. $37.50 to $40. Late fees would be $10 extra so $45 and $50. Second Jake. Passes. Starts with 18M

Establishing one consistent start time for All state shoots. To be determined if it's 8 A.M., 830 A.M., or 9 A.M.? 3-D are 9am. Rick moves that the FITA Field start time matches other dot shoots and is 8:30. Daci Seconds. Jake no. Everyone yes. So voted.

State shoots that are split sites to be held on same calendar day. Except of course, indoor. FAA has better participation with multiple dates.

Target, will the state provide the targets for the tournament or does the Club need to have the Target ready for the tournament? Does this include score cards that the Club also now has to provide?

900 round targets. What's the deal, I built them for the state to use at sanctioned events. Where are they kept? they should have been transported for the state shoots and they weren't. ? in the future?

what if they were split and stored in 2 different locations. Talking about splitting the mats and stands between Gator and Gold Coast. Talk to Gator about what they need for SSG and other shoots.

Two day or one day tournaments? One day forces everybody to show up. Two day allows for multiple divisions participation. Even though there might be a minimum of four people for that one day.

and the fact that someone has to hang around the second day

Move the fita field to the weekend of May 1 , which will allow it to be appropriatlly before nationals David moved and Rick second. SO Passed.

Shooter of the year could be looked at to make it more competitive based instead of an attendance base.

720 elimination tournament details of running it. Peter McCormick is going to assist us in running the shoot. He has run multiple examples.

Moved to close meeting 4:09am
